

SANITIZATION LINE

COD. BF360PL

OZONO BIEFFE PLUS

Ozone generator for sanitization

ELIMINATES UP TO **99.9%** OF BACTERIA, VIRUSES, GERMS, MOLDS, FUNGI AND MITES

- 1** COMMAND PANEL / PROGRAM SELECTION
- 2** MICRO-FILTERED AIR SUCTION
- 3** HANDLE
- 4** OZONE OUTLET

TECHNICAL DATA

POWER	220/240V 50Hz
ABSORBED POWER	180W
OZONE PRODUCTION	3,5 g/h - 1750 ppm/h/m ³
AMBIENT VOLUME	from 150 to 1550 m ³
DIMENSIONS	26x42x32h cm
WEIGHT	7 kg

PROGRAM TIME TABLE

Available 9 ozone programs, to be chosen according to the volume of the environment.

PROGRAM	TREATMENT DURATION	ENVIRONMENT VOLUME
1	30 minutes	150 m ³
2	60 minutes	350 m ³
3	90 minutes	520 m ³
4	120 minutes	700 m ³
5	150 minutes	850 m ³
6	180 minutes	1050 m ³
7	210 minutes	1200 m ³
8	240 minutes	1400 m ³
9	270 minutes	1550 m ³

OZONE AS DISINFECTANT AGENT

The Ministry of Health of Italy recognises ozone as "natural choice for the sterilization of environments contaminated by bacteria, viruses, spores, etc." (protocol n° 24482 31/07/1996). The Ministry of Health with CNSA 21/10/2010, furthermore, recognises the use of ozone for air and water treatment as disinfectant and disinfesting agent.

FOR YOUR SAFETY

It is strongly prohibited to breathe, inhale the ozone produced by this appliance, even for short periods.

During the ozone treatment, keep the premise/cockpit locked, so that nobody may get in.

SPARE PARTS AND SERVICE

- BIEFFE guarantees the shipping of spare parts, accessories in very short times. Our efficient help line is available for service and assistance.
