ABSORBED POWER	65W
OZONE PRODUCTION	1 g/h
DIMENSIONS	27x14x18h cm
WEIGHT	4 kg

OZONE AS DISINFECTANT AGENT

The Ministry of Health of Italy recognises ozone as "natural choice for the sterilization of environments contaminated by bacteria, viruses, spores, etc." (protocol n° 24482 31/07/1996). The Ministry of Health with CNSA 21/10/2010, furthermore, recognises the use of ozone for air and water treatment as disinfectant and disinfecting agent.
